FILE HEADING.

Temporary arrangement during the absence of Dr. Fisher on leave.

From

The Registrar, Osmania Univ.

No. 16289 Dated 10.6.26 Received 13.6.26

Diary No. 1889	Enclos. 2 Spare Copies.	Serial No.

BRIEF ABSTRACT OF LETTER.

Forwards the resolution of the Univ. Council proposing the following temporary arrangement in Central College (Chemistry Dept.) during the period of furlough granted to Dr. Fisher for Scientific:—

1) Mr. M. G. Srinivasa Rao to act for Dr. Fisher as Prof. of Chemistry,

NOTES—AND—ORDERS.

2) Mr. C. Srikantiah, Asst. Prof. to act for No. 1;

3) Mr. M. P. Venkataramana Iyer, B.Sc., (a new Candidate) to be appointed as Lecturer (temp.) on Rs. 150 against the post of Asst. Prof. held by No. 2.

Subs for orders (Govt. with motion)

2 The grade of lecturer is Rs 100-6-150

13.6.26

NOTES—First Sheet.

Serial No.

It is not known why Mr M.V. Venkatarama Iyer who is to be newly appointed, is proposed to be given the maximum pay of the grade. No other arrangements are in order may be approved temporarily, subject to the conditions mentioned in the resolution.

Chiefly)

Dy 15/6.

3

The proposals of the University raise some important questions of principle. There are now two kinds of Professors one on Rs 500-50-1000 & the other on Rs 400-30-700. Though the arrangement is to have a Senior Professor and a Junior Professor in each subject the question whether when a vacancy occurs among the Senior Professors the Junior Professor should be promoted or not has not been definitely settled - In the present case however as the Seniors are all at Bangalore there is no objection to temporarily promote the Senior Prof. on the scale Rs 600-50-1000

It In regard to the other appointments proposed we may perhaps also agree to the

appointment of Mr Srikanta Pandey
the return of Mr Sanjeeva Rao.

5 In this connection it
is necessary to point out that
there is another candidate among
the Non-Brahmin who is a Ph.D
in Chemistry of London I believe
Dr Ramamurthi. I understand
that his special subject is Agricl
Chemistry the same as that of
Mr Srinivasa Rao but even Dr
Ulpen specialized in Physical
Chemistry appointed. I shall
obtain if required details about
this young man. There is an
impression in regard to him in
the Salem Council and though
impressions intended to advance
the claims of particular candidates
are calculated to influence in
an improper manner the final
decision of Govt should be deprecated
I think his case deserves special
consideration. There is another
young man belonging to the
Non-Brahmin Community Mr
Ramiah who has specialized in
Sugar Chemistry and Chemical
Engineering. Professor Lee of

the Calcutta University work & me very highly about this man. He too has not been able to secure a job. Chances of appointment in the University are rare and it is still more difficult under present conditions to get eligible non-Brahmin candidates fit for University professorships. The present Vacancy may therefore be taken to afford Dr Manjunatha a chance of Rs 300 in an existing vacancy. Perhaps the Vice-Chancellor may be unofficially consulted

Yours 15/6/26

6

The Vice-chancellor may be unofficially consulted whether in connection with these existing arrangements it would be possible to utilise the services of Dr. Manjunatha who is an M.Sc & Ph.D in Chemistry and ~~accept~~ might prefer to be useful to the University.

24.6.26 24.6.26

Ex. No. 57 C/3 5/14/1.

NOTE—Contn. Sheet

Serial No.

6 These acting arrangements are very temporary, and the importing of an outsider for such a brief period will dislocate the work of the College.

7 Besides, Mr. Sanjiva Rao of the Central College staff has nearly finished his course in Physical Chemistry and Chemical Engineering at the London University, and is expected to come back very shortly after obtaining the London doctorate. He will have to be provided for in connection with the vacancy, and there will be no room for any outsider. Mr. Sanjiva Rao as a* Damodardas scholar chosen from the staff of our College of Science must be given a suitable appointment in the University, and this will be the most suitable for a man of his training and record. The main subject will be Physical Chemistry, and Mr. Sanjiva Rao is a man of originality and parts, has done good work and received the highest training in that branch under one of the greatest living masters, and is certified by competent authorities in Physical Chemistry to be a man of [redacted] exceptional talents both in the theoretical and experimental part of the work. Besides, he has attended not only Chemical Engineering but also other Technology courses both in the University of London and the Polytechnic Institute.

Submitted to His Highness.

30 Consequent on the grant of furlough on full average salary to Dr. F.L. Usher, D.Sc., Professor of Chemistry, Central College, Bangalore, up to 2nd December 1926 inclusive, with permission to resign his appointment at the end of the leave and to accept the Readership of the Leeds University; the University Council have recommended that the following temporary arrangements may be made without prejudice to the claims of those already in service, when permanent arrangements are made:-

(1) that Mr. M.G. Srinivasa Rao may be appointed to act for Dr. Usher,

(2) that Mr. C. Srikantiah, Assistant Professor, may be appointed to act for Professor Srinivasa Rao, and

(3) that Mr. M.P. Venkatarama Iyer may be appointed as Lecturer, temporary on Rs.150/- against the post of Assistant Professor held by Mr. Srikantiah.

2. 31 In this connection it was brought to the notice of Government that a Mysore student by the name of Dr.Manjanath had returned after obtaining high distinction in Organic Chemistry and as he was a Lingayet - a class not represented in the higher grades of Educational service, - it was considered desirable to consult the University Council to see if it was possible to find a place for him.

32 When the question was considered in Council on the 8th July 1926 the following resolution was therefore recorded:-

V. SUBRAHMANYA IYER, Esq., B.A.,
Registrar, Mysore University,
Mysore.

P.G.D'Souza, Esq., B.A.,B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

Adverting to Government Order No.2716-7/C.B.168-25-2 dated 12th April 1926 conveying sanction to the grant to Dr.F.L.Usher, D.Sc., Professor of Chemistry,Central College,Bangalore, ~~the grant~~ of Furlough on full average salary up to 2nd December 1926 inclusive,in continuation of the vacation of 1926 and permitting him to accept the Readership at the Leeds University and to resign his appointment at end of the leave, I am directed to state that the Principal, Central College,Bangalore,having forwarded with his letter No.1255 dated 23rd March 1926, a copy of letter from Professor Usher suggesting acting arrangements in the Chemistry Department during his absence on leave, the question was considered by the University Council at their meeting held on the 22nd May 1926 when it was resolved that the temporary arrangements proposed be approved with prejudice to the claims of those already in service when permanent arrangements are made.

The arrangements proposed are:

1.Mr.M.G.Srinivasa Rao, to act for Dr.Usher.
2.Mr.C.Srikantiah,Asst.Professor to act for Professor Srinivasa Rao.
3.Mr.M.P.Venkatarama Iyer to be appointed as Lecturer temporary on Rs.150/-against the post of Asst.Professor held by Mr.Srikantia.

Messrs:M.G.Srinivasa Rao and C.Srikantiah are now Professors/ II grade and Assistant Professor, their permanent pay being Rs.550/- from 1st July 1925 in grade 400-30-700 and Rs.260/- from 1st July 1925 in grade 200-20-300 respectively.

Mr.Srinivasa Rao is drawing besides his pay in the grade an allowance of Rs.50/- in the Central College for teaching German and an allowance of Rs.75/- for work in the Medical College. Mr.Srikantiah is drawing an allowance of Rs.25/- for work in the Engineering College besides his pay in the grade of Assistant Professor in the Central College.

Mr.P.Venkataramaxx Iyer referred in item 3 of the arrangements above, is a new candidate. He is a B.Sc.of this University and is a candidate for the M.Sc.Examination of the Calcutta University this year.

I am to enclose herewith for the information of Government copy of extract from the proceedings of the University Council together with copies of the letters from the Principal, Central College and Dr.Usher and to request that you will be so good as to obtain kind sanction of Government to the acting arrangements in question with effect from 1st July 1926 the extra cost on account of these arrangements being met from the provision of Rs.5,000/- for "Miscellaneous Unforeseen charges including allowances to officers during leave" in the University budget for next year.

I have the honour to be,

Sir,

Your most obedient servant,

Registrar.

"Copy"

Registrar.

HH

Letter No.1255, dated 23rd March 1926, from the Principal, Central College, Bangalore, to the Registrar, Mysore University, Mysore.

I have the honour to enclose herewith a copy of letter from Professor Usher suggesting acting arrangements in the Chemistry department during his absence on leave. I am in agreement with these suggestions.

Letter dated 19th March 1926, from Dr.F.L.Usher, to the Principal, Central College, Bangalore.

In continuation of my letter dated the 23rd February 1926 applying for leave, I have the honour to make the following definite proposals regarding the acting arrangements and the conduct of work during my absence.

Prof.M.G.Srinivasa Rao to act for me;
Mr. C. Srikantia to act for Prof.Srinivasa Rao.
Mr.M.P.Venkatarama Iyer to be appointed as Lecturer temporarily on Rs. 150/- against the post of Assistant Professor held by Mr.Srikantia.

If these arrangements are accepted no further acting arrangements will be necessary.

With regard to the actual work, I propose that the Physical Chemistry portion should be taken by Mr.Venkatarama Iyer, the other work hitherto done by me being done by Prof.Srinivasa Rao or one of the Assistant Professors, and a corresponding amount of work now done by them transferred to Mr.Venkatarama Iyer. The exact details ~~details~~ can be determined according to the exigencies of the Time Table at the beginning of the Session. Should Mr.B.Sajiva Rao return to the College at any time during the ensuing Session, he would of course take over the work in Physical Chemistry now proposed to be done by Mr.Venkatarama Iyer. I am submitting a memo on more permanent arrangements separately.

UNIVERSITY OF MYSORE

CB.142 19

RAJATANTRAPRAVINA
DR. B. N. SEAL.
Vice-Chancellor,
THE UNIVERSITY OF MYSORE.

D.O.

MYSORE,
(SOUTH INDIA)
Dated 24th July 1926.

Dear Mr. D'Souza,

I have consulted Dr. Metcalfe personally about Dr. Manjanath, and examined fully the qualifications of the members of the staff, as well as those of Dr. Manjanath (so far as they are known to me and Dr. Metcalfe) in the light of the requirements of the Chemistry Department of the College, and I fully agree with Dr. Metcalfe that there is no room for Dr.Manjanath there at present. There is very little of Organic Chemistry in the B.A. Course, and what there is of it in the B.Sc. falls to Mr. M.G. Srinivasa Rao. For General Chemistry (including Inorganic Chemistry) and Physical Chemistry, we have men on the staff who are specially qualified and have good teaching experience, -- some of them are also doing research work and have strong claims -- and for the little Organic Chemistry we want, our equipment is more than sufficient. There is therefore no place for a specialist in Organic Chemistry like Dr.Manjanath just at present. But with the introduction of the new Intermediate Courses in certain branches of Applied Chemistry, or of M.Sc. Courses in Chemistry, Dr. Manjanath's services may be required in the University. Till then, Dr. Manjanath may be provided in one of the State departments.

Yours sincerely,
B. N. Seal

P.G.D'Souza, Esq., B.A.,B.L.,
Chief Secretary to Government.

UNIVERSITY OF MYSORE

RAJATANTRAPRAVINA
DR. B. N. SEAL,
Vice-Chancellor,
THE UNIVERSITY OF MYSORE.

D.O.

MYSORE,
(SOUTH INDIA)

Dated 25th July *192* 6.

Dear Mr. D'Souza,

In continuation of my letter of yesterday's date re the proposal to appoint Dr. Manjanath in the Chemistry Department of the Central College, I would point out that as Mr. Sanjiva Rao is expected to return very shortly, Mr. M.G. Srinivasa Rao would take Professor Usher's place, and Mr. Sanjiva Rao that of Mr.M.G. Srinivasa Rao, -- Mr. C. Srikantiah would retain his own place as Assistant Professor, and therefore there would be no need of an addition to the staff. A vacancy could be created for Dr. Manjanath only by sending away one of the temporary Demonstrators.

This would mean creating a post on Rs.300/- (or whatever other pay may be given to Dr. Manjanath) against a temporary Demonstratorship on Rs.75/-, and would unnecessarily swell the College budget and the Chemistry Staff, while Geology and other departments are being starved.

Besides, Dr. Metcalfe is quite satisfied with the work of the Demonstrators, and he makes a strong representation that it would not be fair to turn any one of them away to make room for a newcomer; it would discourage the entire staff, and provoke very strong criticism in the Senate and

outside. And as I pointed out in my letter of yesterday, we require men with teaching experience in General (Inorganic) and Physical Chemistry such as the existing staff possess, and not experts in any special field of Organic Chemistry just now. Under the circumstances, Dr. Manjanath may be provided for the present in one of the State Departments.

Yours sincerely,

B. N. Seal

P.G.D'Souza, Esq., B.A.,B.L.,
Chief Secretary to Government,

29th July 1926.

My dear D'Souza,

Your D.O.letter No.315/C.B. of the 26th inst. regarding Dr. Manjanath.

Dr. Manjanath has high qualifications in Organic Chemistry and would presumably be well suited to a place in the University. I am sorry I cannot suggest any suitable place for him in the Education Department. I have already written to Government that Dr. Narasimhaiya did not take up the appointment of Rs.250 offered to him but his appointment was proposed to be only a supernumerary one.

Yours sincerely,

P.G. D'Souza, Esq.,B.A.,B.L.,
Chief Secretary to Government.

315
CB.

My dear Matthan,

Dr. Manjanath who, as you may ~~&&~~ be aware, has returned from Europe after taking very high qualifications in Organic Chemistry, is a candidate for employment. The Vice Chancellor (~~who~~ was consulted in the matter of providing this young man with ~~&&&~~ an appointment in connection with the vacancy due to the resignation of Professor Usher, states that Mr. Sanjiva Rao is likely to return soon and there ~~is~~ will be no vacancy for ~~him~~. However the University does not want a man for Organic Chemistry.

I believe Dr. Narasimiah who was proposed ~~to be appointed~~ on Rs. 250 is not likely to take up the appointment. Would it be possible for you ~~to find~~ suggest some ~~appointment~~ place for Dr. Manjanath in the Education Department?

Yours sincerely,

A

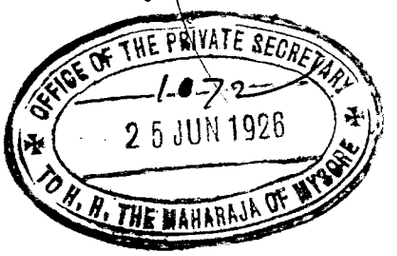
No. 1072 of 25-26

~~Private~~ Secretary
to H. H. the Maharaja of Mysore.

66, Vishveswarapur,
Bangalore City. 18th June' 26.



To

Prayo for a Professorship
Asst in the Mysore University
Ch Secy

His Highness the Maharaja of Mysore,
M Y S O R E.

May It Please Your Highness,

The undersigned, Your Highness' humble petitioner, begs leave to present this memorial for Your Highness' gracious and favourable consideration.

Your Highness' memorialist is a native of Mysore, and many of his relatives have rendered and are rendering service to the State in various fields of activity. He needs mention the names of his grand-father Mr. M. Basavalingaiah, Palace Mokhtesar, and his uncle late Mr. M. Basaviah.

Your Highness' petitioner applied for a foreign scholarship from the State in the year 1921 after taking the B.A. degree in Chemistry. Although he was not granted one, he proceeded to England at heavy expense and continued his studies in the University College, London and obtained the M.Sc. degree in 1923. His application for a scholarship was again unsuccessful, but his family continued to support him at great sacrifice and he was enabled to work under the direction of Prof: W.H. Perkin, one of the most emminent Organic Chemists of the day in the laboratories at Oxford. Your Highness' servant has recently been awarded the Doctorate of that University on the results of experimental research. During his stay in Europe he has acquired knowledge of French and German languages and has travelled extensively visiting several of the most important laboratories in England, France and Germany. Also he has attended lectures in various Universities in order to note the method of teaching adopted in the West for the advanced classes. He begs to enclose herewith copies of testimonials from his professor and tutors as to the character of his work and ability.

He has specialised in Organic Chemistry and during his stay in London he has had sound training in the other branches of Chemistry. He has a great desire to systematically investigate the active principles of the well known Indian medicinal plants and to bring up the name of the University as a research institution.

He humbly prays that he may be given an opportu-
-nity to be of service to the State as a Professor in the University, for which act of kindness, he shall, ever pray as in duty bound for Your Highness' long life and prosperity.

Your Highness' most obedient
servant,
B. L. Manjunath
